SPRING 2007

In Memoriam

On August 12, 2006, at the memorial service for Judy Gray, Grace Flusche, shared these comments, on behalf of the Nottingham Connection editorial committee:

“It is about Judy and the Nottingham Connection that her husband Gordon has asked me to speak. The newsletter of that name began in 1994 when we were exploring ways of using contacts with alumni to support the Nottingham High School. Teacher and alumna Hetty Gingold suggested that alumni would most like to be connected with one another and that we should produce a newsletter.

My children were at Nottingham at the time and I brought about ten alumni to a meeting to share ideas. Somehow Judy

Gray, the school librarian and an alumna got involved and, by the time of the 2006 edition of the Nottingham connection, we hit close to 5,000 on the mailing list for the newsletter that came to be known as the Nottingham Connection! That dramatic increase in connections with alumni was all Judy’s doing. She was indefatigable in connecting with Reunion groups, finding alumni, listening to their stories and gathering material that would help alumni feel connected.

As we all came to admire Judy as a worker, we also came to admire her extraordinary courage in facing the disease that had ensnared her since 1993. We were privileged to read her descriptions of the procedures she went through and in some small way felt we were traveling the path with her. Her death hit us hard. We have to let go the physical connections but, as we continue the Nottingham Connection, we will feel her spirit connecting with us and inspiring us.”

**GROWING UP JEWISH IN THE 15TH
WARD:
RECOLLECTIONS FROM THE 1920S THROUGH
THE 1950S**

From the mid-1800s through the mid-to-late 1950s, the original Jewish neighborhood in Syracuse was located in the 15th Ward, which was bordered by what is now East Water Street, Montgomery Street, East Adams, and University Avenue. Today that area no longer exists. By the late 1950s most of the Jewish families had left the Ward and settled largely in the Salt Springs area. By the late 1960s and early '70s, the majority of homes and businesses had been demolished as part of the federal urban renewal project. With the demise of the Ward, a Jewish lifestyle that had existed for nearly 100 years had largely disappeared.

During the mid-to-late 1940s and early '50s, a number of Jewish students who attended Nottingham had spent their formative years growing up in the Ward. Because these students were part of the last generation to have experienced, as children, this lost lifestyle, in 2002 a committee was formed with the aim of contacting as many as possible with a request to share their recollections of life in the Ward. Over the years a host of memories arrived in the form of letters, emails, tape recordings, and phone calls.

These memories, along with a map of the Ward, photographs, and even some recipes of traditional Jewish foods that were favored by many of the residents, have now been compiled into a booklet by **Marvin Simner('54)**. Marvin was a resident of the Ward from 1941 through 1951 and graduated from Nottingham in 1954. We are pleased to announce that the booklet will be available this summer from the Onondaga Historical Association in Syracuse. If you would like further information feel free to contact Marvin, who lives in Canada and can be reached via email (msimer@uwo.ca) or phone (**519-433-2052**).

FIRST GAME IN THE NEW STADIUM

Many former players will be on hand. If you would like to participate in the opening day festivities, please contact Varsity Football Coach Paul Sealy at 315-480-6100.

2006 Grants *Notes from the Nottingham Connection committee:*

Thanks to very generous donations from alumni who received the Nottingham Connection in 2006, we are able to cover the costs of mailing this newsletter and offer \$3,449 to teachers who submitted grant requests. We received 18 requests, a huge increase over last year.

Grant requests will be available for your review on the Nottingham High School web site, <http://weblink.scsd.us/~nottingham/home.html>

In reviewing the requests, several thoughts struck us. First, today's educational environment with its classes on web design, child development, digital photography and diversity seems worlds away from our high school education years ago. Secondly, in spite of the amount of technology provided by its funding sources, an urban school still falls short in its resources. Third, teachers are responding with enthusiasm and creativity and rising to the challenges of meeting the needs of an extraordinary mix of students, who come from professional - often Syracuse University connected - families, from families living on minimum wage or below and from many immigrant and refugee families with little English. Fourth, we admired the initiatives of the teachers and wished we could grant all the requests.

However, that would require almost \$4,000 more than we had to offer. We made partial grants to many teachers and said No to the request from the aquatics supervisor for a kayak and paddles even though we admired her goals. Perhaps alums will see ways to help with this request and to complete some of the other requests. Please feel free to e-mail individual teachers and learn more about their projects.

We are also aware that the school PTSO has an ambitious wish list of items it would love to obtain for the school. See the web site <http://weblink.scsd.us/~nottingham/home.html> or e-mail Molly Voohees at mcvoorhe@mailbox.syr.edu

LOVE RUNS ETERNAL FROM NOTTINGHAM'S CLASS OF '32

By Kathy Stewart, daughter of Francis & Jeannette

This is a story about my parents - Francis Richard Fitzgerald and Jeannette Kathryn Hart, both graduates of Nottingham High School. My dad met my mom in high school. He received an offer for a full scholarship to the Naval Academy right after high school but instead attended West Point. Immediately following graduation, he took a job as the golf pro at Tecumseh Golf Course. He supported his family by playing in golf tournaments. This did not please my mother's side of the family so they secretly got married and each went home every evening. Eventually they announced their marriage and had a formal wedding, but my mother was disinherited. My dad and mom moved to Ohio a couple of years later. I never saw my parents argue or even look upset at each other - all I saw was plenty of hugs and kisses. My mother became sick and had to be admitted to the state hospital where she remained until she passed away. Until the day my father passed away in 1966, he would visit my mom and the hugs and kisses I saw will remain with me until the day I pass away. I am the baby of the family - the youngest of 4. My father passed away when I was 16 and it has been difficult finding out more about him. If anyone has information or memories to share about Francis Richard Fitzgerald or Jeannette Kathryn Hart, please contact Kathy Stewart, 7326 State Route 19, Unit 1104, Mt. Gilead Ohio 43338.

Memorable Years by Robert L. Stockdale ('44)

The 2005 Nottingham Connection really pointed out what a great bunch of guys and gals made up the Class of 1944. From the cover story on the Nancy Fish Jaquith-Tom Kasberger nuptials, to the coverage of our 50th reunion itself it was full of memories.

When I was part of the crowd at Nottingham (1941 – 1944) anything resembling a Technology class was probably restricted to some basic electricity training in Mr. Parent's shop classes. In fact, on Dec. 8, 1941, Principal Harold Coon called me in to the office to ask if I could set up my public address system with a radio so we could hear FDR's address to Congress after Pearl Harbor. I had one which I used for one of the first "deejay" operations in Central New York.

When Mrs. Mary Flood Lynch, the dramatics class teacher, staged anything in the auditorium we rented all the lights and dimmers from Cooper Decoration. The choral and band director in the war years was John "Jerry" Sackett, widely known throughout Central New York for the excellent a cappella choir we had then.

My the association with dance music continued during thirty years in Syracuse broadcasting at WAGE (now WHEN) and the fifteen years I owned and operated WSEN. I authored two discographies of Tommy and Jimmy Dorsey that won national awards for best research in Jazz (so much for Hazel Bush's laments that I'd never learn how to write!).

The short three years our class spent in Nottingham are memorable ones for me because of the excellent teachers I encountered and the great developmental influence they had.

Dan Maffei ('86) Thanks His Supporters

I would like to thank the Nottingham community for the tremendous support I received in last year's Congressional election. Though I did not win, the campaign made a remarkable showing, coming just a little over 3000 votes shy out of more than 217,000. This occurred in a district where the incumbent, Jim Walsh, had no opposition in 2004 and had all of the advantages of being a 9-term incumbent. Furthermore, I feel the campaign clearly changed the political landscape and sent Mr. Walsh and the Bush Administration a strong message about Iraq, the Upstate economy, Medicare and other key issues.

The campaign made me the first Democratic Congressional candidate to win Onondaga County in decades and one of about a dozen Democrats nationwide that barely lost in a year when resources were stretched among over 50 competitive campaigns. So, where does that leave me? It leaves me, and those who supported my campaign, with a lot left to do. We all know that Central New York faces vast challenges, economically and demographically. Public Schools are hurting and unless we do better by all of our children and youth, our economy and our soul as a community will be diminished.

So, as I said in my election night statement, I am going to stay and do the work as best I can. I have taken a position with Pinnacle Capital Management, LLC, a wonderful new locally-owned and management financial firm and I am becoming involved with boards and organizations aimed to help our youth and encourage a better Central New York for them. I would love to hear thoughts from any Nottingham community friends. My new e-mail address is dmaffei@pcm-advisors.com.

The Alumni Quilt by Barbara Crandall Lipe ('44)

I promised Judy Gray I would help complete the pieces still needed for the Alumni quilt. I have this idea: If a member of the classes that still have not provided a quilt piece could mail me a photo with a scene from his or her time at Nottingham I will put it on fabric and create the quilt piece. Please mail a photo to: Barbara Crandall Lipe, 4204 Pompey Center Road, Manlius, NY 13104. I will return the photos. Or call me at 315-682-6171.

Editorial note: Thank you Barbara! The wonderful quilt is available for showing at reunions or upon request through Margaret (Peg) Lanzendorf Kramer ('68) at Nottingham High School 315-435-4380. The following pieces are still needed: 1928, 1929, 1930, 1933, 1934, 1935, 1936, 1937, 1940, 1943, 1947, 1949, 1952, 1957, 1958, 1960, 1962, 1969, 1972, 1973, 1979, 1984, 1987, 1990, 1992, 1994, 1999, 2002, 2003, 2004, 2005, 2006, 2007. Please call Peg, if you are willing to create a piece for your year, or send photo(s) to Barbara Lipe. Thanks for your help!

A Nottingham High School Family Contest

by Sherwin I. Glazer, '42

Many is the time that I have thought about a Nottingham High School Family Contest to discover what family had the most members who matriculated at Nottingham. And, of course, both Nottinghams would be included, the old, on Fellows Ave. and Harvard Pl., and the new(er) on East Genesee St.

I would like to kick off the contest by entering my own family, which lived across the street from the old Nottingham, on Fellows Ave., and which consists of myself, Sherwin I. Glazer, class of 1942; my brother, Nathan B. Glazer, class of 1937; Roslyn Weinstein Glazer, Nathan's wife; Eric Glazer, son of my late brother, Aaron M. Glazer (whom I cannot include in the contest, as he attended Central High School); and Elliott, Jeffrey, Paula, and Robin Glazer, Nathan and Roslyn's children.

If my math is correct, and I believe it is, because one of my math teachers who so thoroughly taught me at Nottingham was Ms. Nielson, the number of the Fellows Ave. Glazers who attended Nottingham was 8.

If I may use a little space now to reminisce: I remember occupying a seat in the clarinet section of Jerry Sackett's Nottingham band, along with Larry Siegler, Bob Carlton, Dan Seaman, and Edgar Galson, listening to Burton Ellis play the solo of "Tremontier" on the tuba, band practice at 8 AM out on the field, watching Art Simmons and Dick Fellows star on the hockey team, Gene Berger and Jack Benson tossing in baskets on the court, Gene Dollard behind the plate catching Billy Gates' pitches, Chuck Gifford starring in "Nottingham Revues" when he wasn't scoring touchdowns, writhing in fear entering Ms. Hazel Bush's English class for a session of Shakespeare, lining up according to height in Doc Manor's gym class (Rich Dickinson and I were always the shortest), running errands to Westcott St. for Fran Durkin, struggling through "The Yearling" with Mrs. McDonald, and studying "veni, vidi, vici" with Ms. McBurney, Dutch Ginter coaching football and teaching business math. And who cannot remember the fabulous Gordon MacRae, star of "Oklahoma", and the handsome Bill Lundigan, of radio and movie fame?

So those of you who would like to enter your family in the contest, just mail to me, **Sherwin I. Glazer, 702 Hamilton Pkwy, DeWitt, NY 13214**, your family members' names and, if possible, class year, and maybe we can think up for the winner a nice prize such as perhaps a free lunch at the Nottingham cafeteria. Best wishes to all of you Nottingham grads and good luck!

The High School Years by Sallie Bailey ('49)

The Syracuse schools were divided into Elementary (grades K thru 6), Junior High (grades 7 thru 9), and Senior High (grades 10 through 12). Nottingham High School was on the opposite side of town, but at that time we could choose to attend school wherever we wanted. My best friend from Junior High and I chose Nottingham. Of course, we had to get there on our own, boarding the city bus each morning and transferring downtown.

We did not consider it a hardship. Indeed, it was a congenial group that met each morning and afternoon. On the way home, my friends and I often stopped at Schrafft's Restaurant soda fountain. My treat of choice was a chocolate ice cream soda with coffee ice cream. Sometimes we went to Kirtland's, the premier stationery store in downtown Syracuse.

After I turned sixteen, I had summer jobs in various downtown stores and banks. Everyone worked summers - it was just what you did and those who didn't were rather looked down upon. The city streets were always packed with people, because it was virtually the only place to shop.

When I was in High School every girl had a camel hair coat. On the bitterest, gusty winter days it was the custom to leave them unbuttoned and flying in the wind. On really frigid days, we wore head scarves folded in triangular shape and tied under the chin. Shoe fads came and went, including saddle shoes and loafers, worn with oversize, bulky white ankle socks that sagged around the ankle. The de rigueur school day garb was a wool cardigan style sweater worn backwards buttoned down the back with a string of costume pearls and often with a white 'dickey'. The skirts were knee length, wool and had box pleats. The leisure uniform was blue jeans, but with the legs rolled up unevenly, one leg just below the knee and the other just below that. We wore a man's shirt looted from our brothers' and fathers' closets and worn un-tucked.

Our age group wore our hair long and most often in a pageboy, replacing the pompadours and snoods of previous years. We rolled our hair under at night using old socks, rags or fat metal curlers. Is there any woman out there in her 70's who doesn't remember the jingle "Dream Girl, dream girl beautiful Lustre-Creme girl, you owe your crowning glory to a Lustre Creme Shampoo"?

In those days, most girls drifted into Liberal Arts or Home Economics. SATs were called College Entrance Examinations. Graduation depended on getting a minimum grade of 65 on the Regents Exams, and a minimum grade of 75 to get into college. All you really needed for college acceptance were passing grades and a tuition check in your hand. I had both plus an acceptable portfolio of art work, assembled in high school under the tutelage of Miss Edith Hough (whom I met again many years later as a fellow member of Syracuse Printmakers). When I started college at Syracuse University in the fall of 1949, the tuition not including room and board was \$250 per semester. The following (spring) semester, it was raised to \$275 because of increasing costs.

For the Nottingham class of 1949, there were no clouds on the horizon. The War was over, Korea only a place-name. Life was good.

From The Mailbag

The 1930's

Nancy Setright Grove ('39) wrote that her older brother Jim graduated in 1935 and was no doubt one of the blurry guys in the back row of the picture we printed in 2006 of the Class of 1935. Her sister Ann Setright Mercer was in the class of '48 and her younger brother Jack was in the class of '42.

Stan Barnes ('39) remembers fondly playing hockey with Gordy MacRae on Seeley Road. Stan attended SU, rowed on the crew team and rang the Crouse chimes, and after the Air Corps graduated from Yale. He is a former school principal, happily married for 64 years.

The 1940's

Phyllis Freshman Marks ('41) first taught art and then became assistant to the art director at "Seventeen" magazine in New York City. She is retired now but still teaches art at Empire State College Academy for Learning in Retirement.

Robert Sturge ('43) is a retired school administrator and does a lot of volunteer work – helping older people with their income tax forms and many other such things. (as reported by **Sallie Bailey**)

Tamara Rackson Lipson ('44) was surprised on an Elderhostel trip to Prague in May 2006, when she found that another member of the tour group was a Nottingham graduate: Stuart Lerman.

Bob Stanton ('48) retired from GE in 1987 as a machinist. He remembers an assembly around 1946 featuring Gordon MacRae and family. The theme was something like "Everyone has talent – get out there and use it!"

The 1950's

Greg Clarke & Carol Clarke ('55 & '54), of Georgia, have both passed the background checks and the drug tests and are now working volunteers of the Southern Museum of Civil War and Locomotive History. Carol is volunteering in the Education Department, and Greg is working in the Archives Department. Greg write, "I have fallen into the greatest position a person could ever hope for."

Inaugural “Wall of Fame” Event a Big Success

The inaugural Nottingham Alumni “Wall of Fame” event held Saturday, October 14, 2006, was a rousing success! Honorees included **Hy Miller ’41**, **Carol Martineau Baldwin ’48**, **Charlie Beach ’54**, **John Berendt ’57**, **Dorsey Levens ’89**, and the late **Gordon MacRae**. MacRae’s daughter, Heather, brought her award-winning New York cabaret show “Songs for My Father” to Drumlins Country Club and entertained 200 alumni, students, parents, and teachers. The plaques created specially for the “Wall of Fame” will be hung in the main school hallway and each year new inductees will be added. Nomination forms for the 2007 class were available as attendees left for the evening, and an abbreviated version was included in the program. The evening was dedicated to the late Judy Gray, former Nottingham Librarian and founder of “The Nottingham Connection”. It was her efforts over the past four years that finally got this event started.

Our Modern Day Rosie the Riveter – *Gladys Oram*

Van Dyke by Peg Kramer ('68)

The impact of World War II history, volunteerism, patriotism, feminism, and motherhood all blend in efforts by Gladys Oram Van Dyke (class of 1932) to honor women who volunteer in this country then and now.

Gladys started out researching the women's industrial war effort (by more than 18 million women) characterized by "Rosie the Riveter". Her own mother, Viola Oram, worked in the L. C. Smith typewriter factory (converted to the war effort) building airplanes. Viola was a 49-year-old widow at that time with four sons in the service. Gladys realized the valuable contributions and changes that women have made and started her own campaign to honor "Modern Day Rosie". If anyone wants to send information about a woman who deserves recognition, contact Gladys via email at govandyke@msn.com. (The "Rosie the Riveter" Trust website is

<http://www.rosietheriveter.org/members.htm>).

As a volunteer herself (she is now a touch over 90 years old), Gladys has taught quilting, ran a senior center, taught at El Paso Community College Senior Adult Program, and participated with El Paso Retired and Senior Volunteer Program. Congratulations, Gladys, and thank you for all of your efforts!

2007 is an Active Year at Nottingham

Nottingham High School has seen many achievements during the 2006-07 school year and looks forward to saluting its 2007 graduates on June 21. Our graduates' plans include study at Harvard, Smith, the University of Vermont, Syracuse University, SUNY-ESF, and many other outstanding colleges and universities.

Nottingham was thrilled to induct its first Wall of Fame class in October, and Principal Debbie Mastropaolo warmly welcomed many alumni as well as current Nottingham families to a wonderful evening celebration at Drumlins. We look forward to the 2007 Wall of Fame celebration on October 13.

We are also excited about the opening of our new Career Center, housed in the library, the formation of a Nottingham Wellness Committee, and the creation of small learning communities in the building to foster greater student-teacher interaction throughout a student's time at Nottingham.

Nottingham sports teams had a great year in 2006, especially boys' soccer. Andy Hazeltine, boys' soccer coach, received Section III Soccer Coach of the Year.

The PTSO continues to support both teacher and student activities. The Teacher Mini-Grant initiative awarded over \$2500 to fund teachers' proposals.

The Boosters have made a significant monetary commitment to purchase new banners for our gymnasium, hoping to salute our Bulldog teams as well as high-light for competitors our tradition of athletic achievement. The Boosters also anticipate the completion of our athletic field renovation and the building of a new concession stand for home athletic events.

FANS continues its support of the arts, including the Nottingham spring musical Into the Woods. We proudly named the auditorium The Len Fonte Performing Arts Center to honor longtime teacher and director Len Fonte. FANS has also actively pursued several community grants to purchase a new cyclorama for the stage and equipment for ceramics and photography classes and update the stage sound and lighting systems. Please e-mail me at mcvoorhe@syr.edu for information about our fund raising efforts to obtain many items for the school, especially the proposed new outdoor sign.

We are proud to be a part of the Nottingham tradition and want graduates to feel that pride, too.

Molly Voorheis
Nottingham PTSO President

Sandra Smokes ('72) wrote an excellent article of reminiscence of Coretta Scott King who died this week. Sandra is an editorial writer for the Post Standard. Sandra had many opportunities to be in Mrs. King's presence, including working on her tribute dinner in 1993. She first met Mrs. King when she came to the house of Sandra's friend Kathie Dowdell in 1965 or 1966. Her most cherished memory of Mrs. King is when Sandra was in Atlanta working on a show for the King Center and they talked by phone. The next day, Mrs. King sent her Dr. King's book "Where do we go from here" and inscribed it, thanking Sandra for working on the dream.

Nottingham's Science Olympiad team was one of 30 teams competing in the NY Midstate Regional Science Olympiad. Annie Hargrave ('06) and Sherri Finch (chemistry teacher) were photographed by the Post Standard. MESSAGE FROM THE NOTTINGHAM CONNECTION COMMITTEE
THE NOTTINGHAM CONNECTION, an annual publication, is an effort of a few dedicated individuals who believe that you, the alumni, like to receive and enjoy your own alumni newsletter.

Sometimes we dream of a more ambitious product or of our own website that could provide current information and exchange of ideas. But that would take some new "home run hitters" to step to the plate and give us the financial support and expertise to take our engagement with alumni to the next level.

With that in mind we ask you to respond to these questions:

Do you like the Nottingham Connection as it is?

Do you have any suggestions for change?

If you would like change, could you help with specific financial support (sponsorship)* or in-kind skills, such as printing, graphic design, web-design, layout or editorial support ?

If you live in the Syracuse area, would you be interested in joining our committee?

What do you want to see, read in future editions?

Please direct your response to: nottalum@hotmail.com And feel free to include your memories of your days at Nottingham.

*Your donations to our general fund are used for grants to teachers at Nottingham High School and to cover the cost of publication of the Nottingham Connection.

In memory of Joan Bassett, Class of 1954

Joan Bassett was only 20 years old when she died, but she had many good friends who still remember how active she was in cheerleading. She had a twin brother John and an older sister Ann. Both she and Ann were cheerleaders. Joan went to Cortland State Teachers College to be a physical education teacher, but died of illness about Christmastime of her sophomore year. It was a family tragedy to lose a wonderful young woman. Her twin still lives in the Syracuse area. An anonymous donation has been given to the Nottingham cheerleaders in Joan's memory.
